Dear Ms. Millican:

This is in response to your letter to Dr. Sidney Wolfe concerning Lupron. I am responding on his behalf.

We have not done any research on this drug. Although we do work on women's health-related issues, a better source of information and assistance would be the National Women's Health Network, here in Washington, D.C. at (202) 628-7814.

We appreciate your efforts in writing to subcommittee members etc., and hope should you need assistance in the future, you will contact us.

**Sincerely**
